Diagnostic & Control systems

SMARTEST OZONE GENERATOR IN THE WORLD

ADVANCED ON-BOARD PROTECTION & CONTROL SYSTEM

Introducing iOzone™, the cutting-edge operating system from Absolute Ozone®. Featuring a 5-inch LCD, this innovative system boasts state-of-the-art diagnostic and control systems to ensure uninterrupted 24/7 ozone production and minimize downtime.

IOZONE™ DIAGNOSTICS/CONTROL SYSTEM

Designed to protect against installation or usage issues like incorrect gas pressure, high ambient temperatures, flooded ozone cells, wiring/voltage problems and more.

LCD SCREEN

The LCD screen will allow touch to switch the generator on and off and to adjust the desired power.

REMOTE CONTROL

The instrument comes with 4-20mA/0-10VDC Remote Control Inputs, allowing for precise device control via external signals.

DESIGN

COMPACT AND EFFICIENT OZONE GENERATORS

- **MOST COMPACT IN THE INDUSTRY:**

NANO - Absolute Ozone® Generators produce up to 15 g/h of ozone have dimensions of 5.25" x 5" x 15.5" Only! – saves valuable space and money on shipping.

- **REVOLUTIONIZING SMALL-SCALE OZONE GENERATION:**

The Absolute Ozone | Ozone Generators Nano 15 model is a versatile and powerful ozone generator that is perfect for small-scale projects such as laboratory or university research, as well as water and air treatment applications.

- **VERSATILE INNOVATION:**

This compact and lightweight device is designed for easy use and is ideal for pilot testing in industrial and research settings where space is limited. Its intuitive interface makes it simple to set up, ensuring that you can quickly get started on your project in minutes.

HIGH-PERFORMANCE OZONE GENERATORS

ABSOLUTE OZONE® GENERATORS WILL SAVE YOUR MONEY

- **5-YEAR WARRANTY**

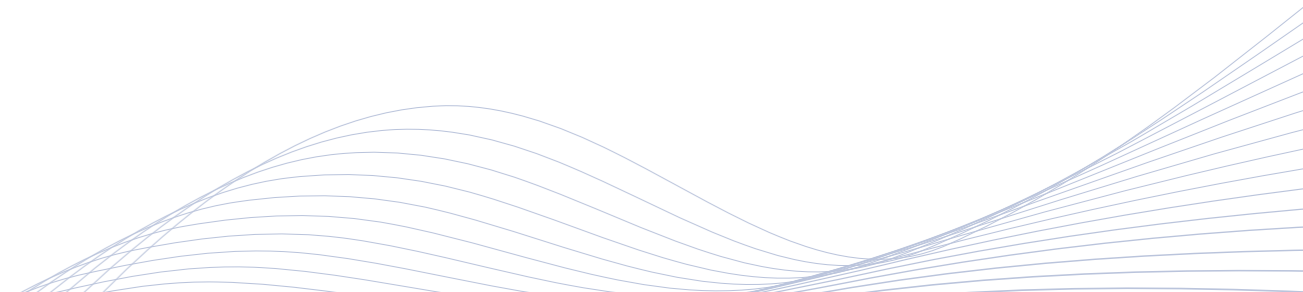

Peace of mind with our 5-year warranty, plus a performance guarantee. Our reliable Absolute Ozone® generators save you money on repairs and downtime.

- **TECHNICAL SUPPORT**

Our technical assistance to our customers is complimentary, unlimited and absolutely free of charge.

- **CRAFTED FOR RELIABILITY AND PERFORMANCE**

Exceptional reliability. Leak-proof design tested up to 150 PSIG, corrosion-resistant stainless steel enclosure, highest quality components.

UNPARALLELED PERFORMANCE

EXPERIENCE UNBEATABLE AND GUARANTEED PERFORMANCE

Model	Ozone Production	Working Pressure	Concentration (%wt O ₃)
NANO 15	15 (g/h)	20 (PSI)	5-10%

Absolute Ozone® unbeatable NANO ozone generator dissolves more ozone than any other, delivering superior disinfection rates.

Absolute Ozone® generators are the ultimate breakthrough in ozone technology. Their microfluidic platform design ensures precise and reliable delivery ozone for a diverse range of applications.

The performance is unequaled in the industry, with the capability of reliably producing high concentration ozone up to 10% by weight guaranteed.
